

Urban spaces – enhancing the attractiveness and quality of the urban environment

WP 4

Practical common testing implementation of the Joint Strategy in various urban areas through the pilot projects

REC Slovakia

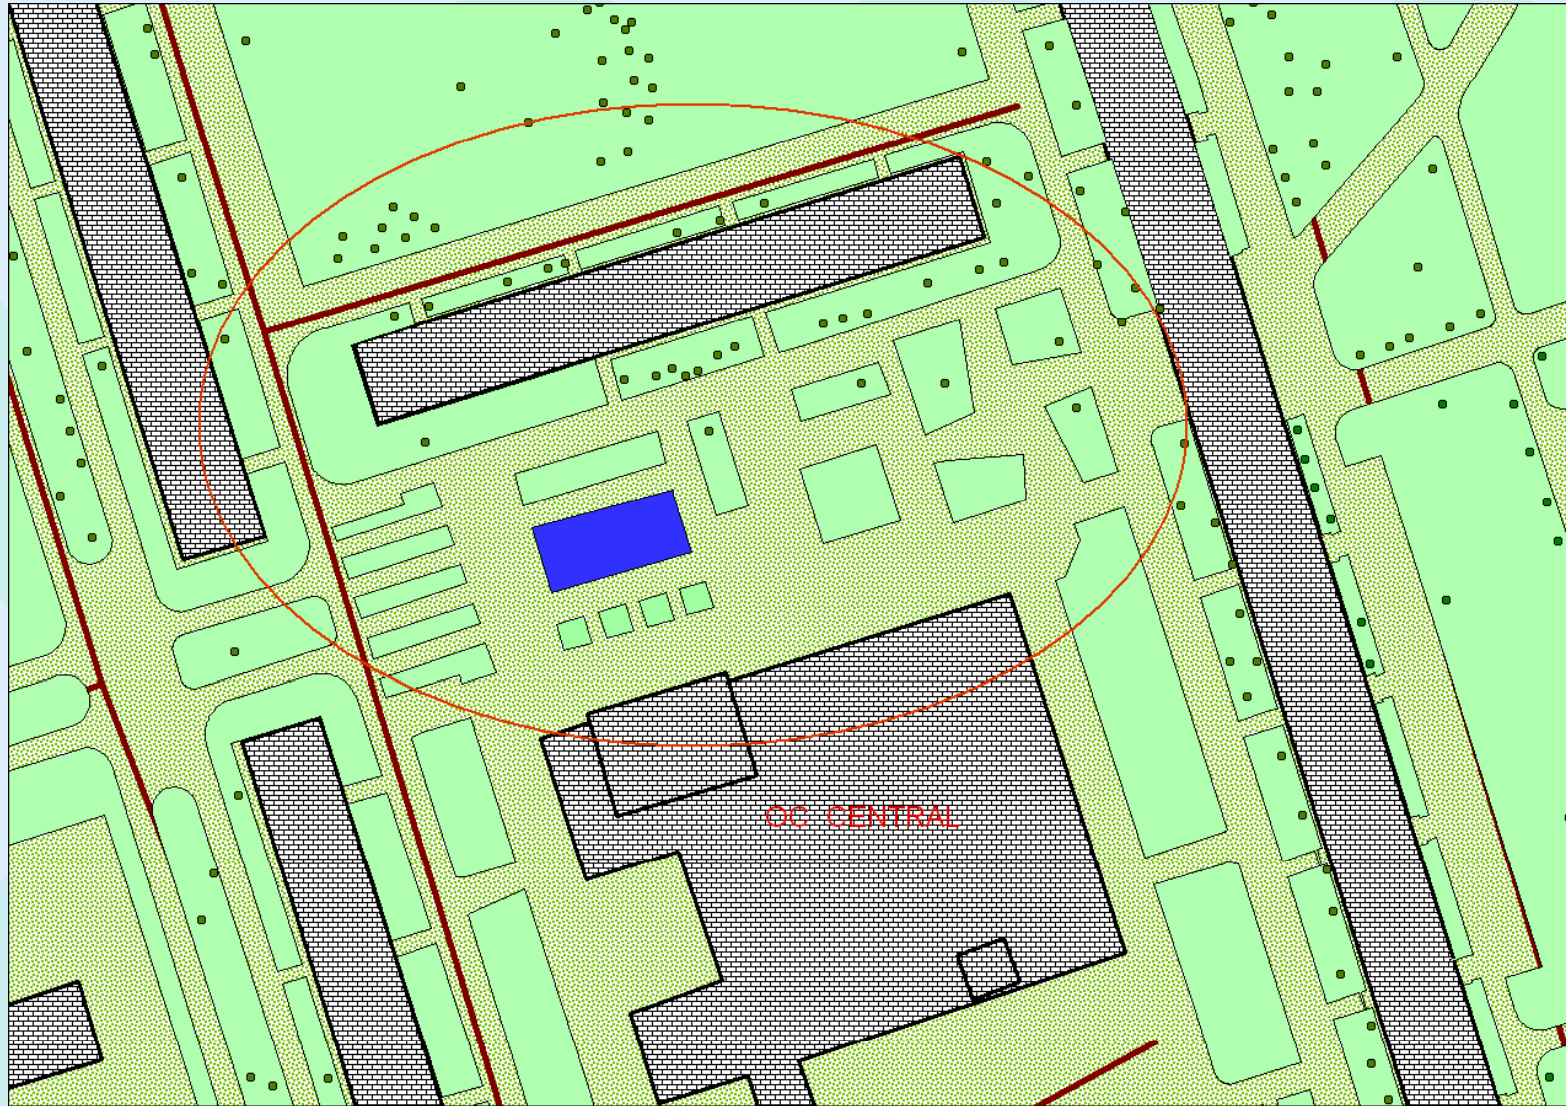

"Sidlisko II Presov urban space"

The open spaces area "Sidlisko II Presov urban space" is located on the housing district build in the late 60th. The space is the typical example of the neglected areas without the relevant functions. The social structure of inhabitants has changed. Presov city office is working on complex approach respecting the participatory approach of the local inhabitants.

WP 4 Pilot projects Presov Sidlisko II

General pilot project description:

- Pilot Project title **Sidlisko II Presov urban space"**
- Please mention other principal stakeholders (e.g. representatives of municipality, NGOs...) involved in the pilot project: **Presov city office, schools, local NGOs**
- Architect/landscape architect/designer: **Patrik Martin, me😊**

WP 4 Pilot projects Planning Phase:

- gaining information about the possible target groups, stakeholders and all other interested groups of citizens children drawing competition
- Info campaign (Press release, blog,articles, broadcasting...)
- Public survey of target groups - gathering opinions and ideas about the pilot urban space future use and design through the questionnaire (cca 100 responses)
- Planning meeting with local stakeholders 30th of April along with the drawings exposition
- First visualization of the design concepts (possible in more variant solutions)
- Finalization of the pilot space design, preparation of the investment activities

Keby ste mali možnosť
zmeniť toto miesto
ako by malo vyzerať?

teraz

potom

Pridte o tom diskutovať na plánovacie
stretnutie, ktoré sa uskutoční
30. apríla 2010 o 15:30
v ABC CVČ na Októbrovej ulici.

*Zároveň otvoríme výstavu deťských
výtvarných prác vyjadrujúcich ich predstavy
o budúcnosti tohto priestranstva.*

DIPLOM

za účasť vo výtvarnej súťaži
k pilotnému projektu UrbSpace v Prešove
udeľuje REC Slovensko

JUDr. Pavol Hagyari
primátor mesta Prešov

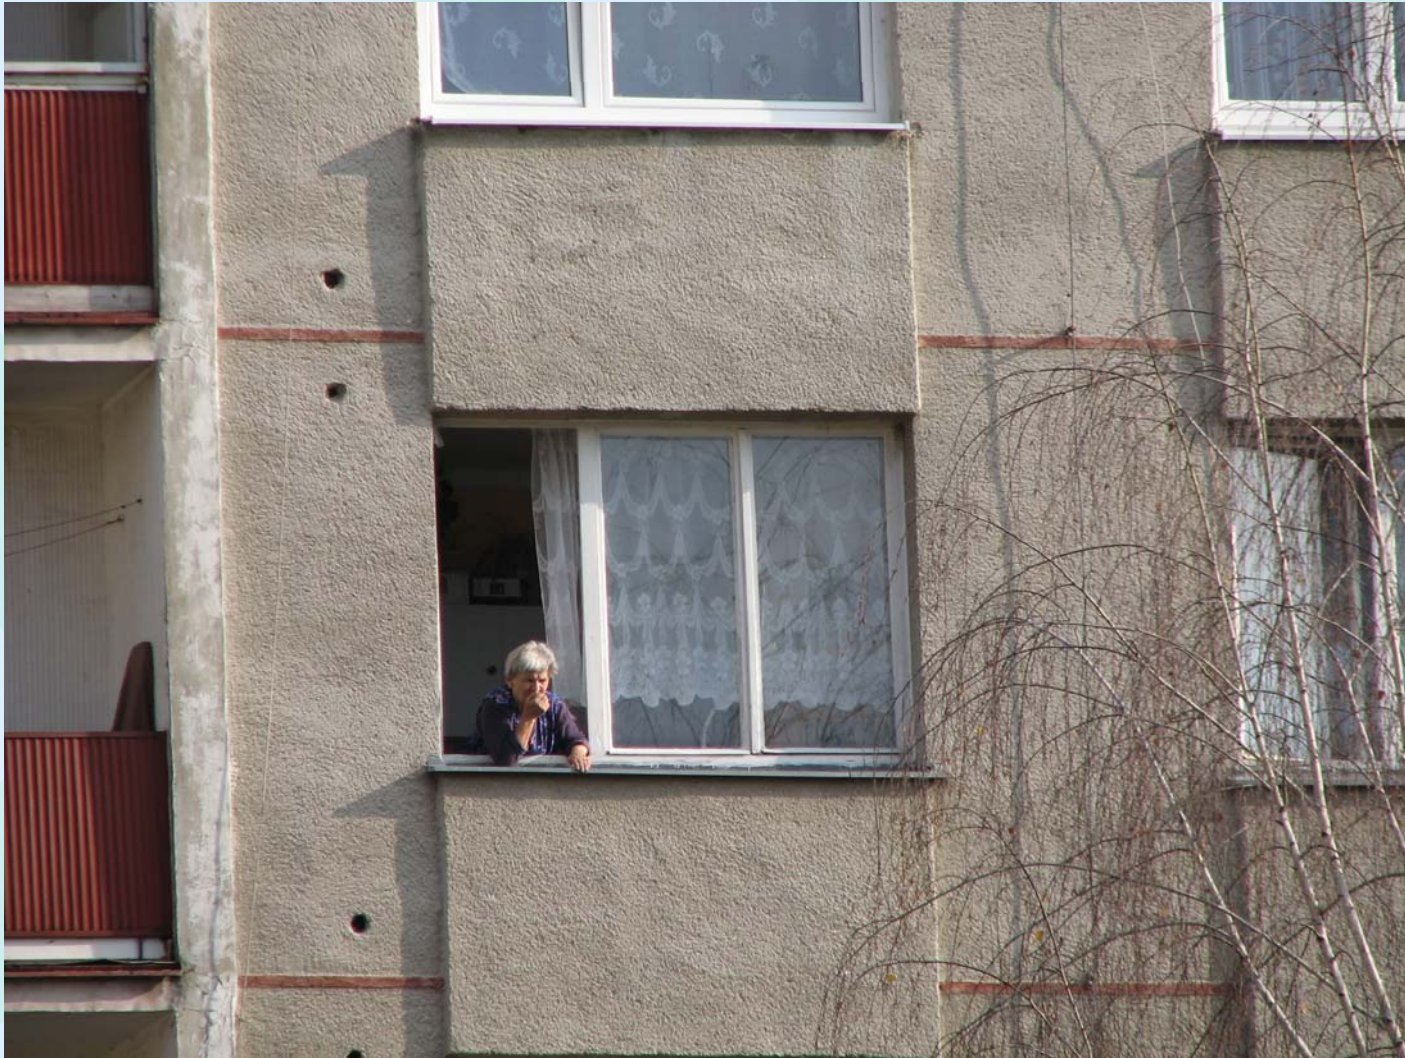

Ing. Vladimír Hudák, CSc.
riaditeľ REC Slovensko, Bratislava
