About Project UrbSpace:

Project UrbSpace – “Urban Spaces - enhancing the attractiveness and quality of the urban environment” is an international project financially supported by The CENTRAL EUROPE Program. The project focuses on improving the urban environment in general by increasing the quality of public spaces. The project involves 13 partners from 8 EU Member States: Austria, Czech Republic, Germany, Hungary, Poland, Slovenia and Slovakia. The lead partner organization of the project is The Regional Environmental Center Slovakia. The project duration is from November 2008 till December 2011.

It is our pleasure to invite you also to the Final Project Conference, which will be organized by TU Vienna on 30th September 2011 in Vienna. More information about prepared Final Conference you can find on the website: <http://www.landscape.tuwien.ac.at/index.php>
